OUR RECOMMENDATION

Public transport and other solutions are also possible. For teams, we recommend a private coach: it is the simplest way to keep the group and luggage together. If you prefer public transport or another option, we can help with advice and planning.

We help you choose what works best for your team.

Feedback from previous Summer Cup trips.

“

An amazing experience for our boys in Salou. The tournament was well organised and Antonio was there every day, always available when we needed help. Everything ran smoothly and the players had a great time, both on and off the pitch. We’ll definitely be back with him!

Eric O’Neill · Essinge IK P2013 · Summer Cup

The cup was really good! Good matches and the service around the cup was fantastic.
